## **Schweizer Electronic AG: 0.30 euro dividend for the year 2017**

Schramberg, March 29, 2018 – In the light of the comprehensive investments into the new high technology plant in China, SCHWEIZER decided today in the framework of a Finance Committee's Meeting to propose a dividend of 0.30 euro (previous year: 0.65 euro) per share to the Annual Shareholders' Meeting on June 29, 2018, subject to the Supervisory Board's approval.

With this dividend proposal, the company intends to let its shareholders participate in last year's business success in spite of the forthcoming investments for further growth. In future, SCHWEIZER will increasingly develop towards a growth stock in order to consistently explore the excellent business potential deriving from the growth markets e-mobility and autonomous driving. With this strategic realignment, SCHWEIZER's management expects a disproportionate increase of its company value in the medium term.
